

Money Forward Guarantee

We are so sure that you will love what JRHS has to offer, we are announcing the "Money Forward Guarantee" for new part-time students for the 2017-2018 year. We fully recognize that sending your child to Christian School is both a sacrifice and investment. To help you along in your decision making, we are providing an incentive worth looking into. For any part-time student who enrolls in a class or project and who earns an A or B average for the year, and then enrolls full time the following year, we will reduce the value of one course or project from the full time tuition expense. We know that once you experience what JRHS can offer your child for growth and development, you will want more in the future.
