OUR MISSION

Raising the Next Generation of Leaders in Christ

▶ Meaningful Academics

College prep and life prep, we provide a high-quality and well-rounded education. We offer a traditional classroom experience with professional teachers leading every class, books, and individualized support.

▶ Project-Based Learning

Students engage in five projects each year, gaining hands-on experience in building, creating, exploring, and performing: Stained Glass, Model UN, 3D Modeling and Printing, Drama, Timberframing, Maple Sugaring, and dozens more.

▶ Spiritual Development

A daily devotion, small group Bible study, and Chapel punctuate each week. Four years of Bible class teach students the Old and New Testaments and delve deeply into their own beliefs, other worldviews, and apologetics. Our Fall Mountain Retreat builds spiritual goals and school unity. Each April the school goes on a week-long mission trip to locations in the US and around the world.

▶ Vibrant Christian Community

Our students and faculty work, play, and worship together. The wider community includes parents, staff, alumni, and a wide network of supporters—including pastors, youth leaders, and many others—all working together to make JRHS a great place to grow.

Faith, Learning, and Leadership in Christ
